

Working Group 2 Progress report

ICT developments | Work Group Leader: Petre Lameski,
Vice Leader: Michal Isaacson, Vice Leader: Kuldar Taveter

Funded by the Horizon 2020 Framework Programme
of the European Union

27 Feb 2019
Porto, Portugal

WG2: Tasks , Objectives and Deliverables

- Tasks:
 - Assess state of the art for disciplinary understanding, identification of advances in ICT developments with potential applications in the active and healthy ageing
- Objectives:
 - 2 WG2 Meetings at Q2 and Q4.
 - WG2 Research on the state of the art.
 - Scientific conference at Q5
- Deliverables:
 - WG2 Report on the state of the art
 - Minutes of WG2 meetings
 - Report on scientific conference

WG2: Progress

- Finished a compiled state of the art report containing contributions from each focusing groups that includes quantitative and qualitative analysis of the state of the art and examples from the industry.
- The report is available online
- Minutes of meetings published and available online
- Scientific conference contributions from WG2 members are included in the conference proceedings.

WG2: Follow up

- WG2 has finished all of the objectives and provided the required deliverables for the SHELD-ON COST Action
- The members of WG2 have collaborated within and outside the COST Action and this collaboration resulted in several STSMs and joint scientific paper publications
- WG2 members have outstanding results within both Research Coordination and Capacity Building objectives.
